

California Public Utilities Commission and FERC Cases

Proceeding Number & Title	Description	Status
A.07-04-013 Sacramento Natural Gas Storage application for CPCN	Sacramento NGS seeks CPCN to construct and operate natural gas storage facility in Sacramento	Proposed and alternate decisions issued. ALJ and Simon alternate PDs approve the project, while Florio alternate denies the project.
A.09-09-020 SoCalGas Requests approval of work at Aliso Canyon Storage Field	SoCalGas seeks approval to replace 3 gas turbine compressors with electric compressors, increase injection capacity	Draft EIR issued April 2012, finds no significant environmental obstacles. Comments on Draft EIR were due 5/22/12
A.10-08-002: Joint Utility Application to Recover ARB AB 32 Fees, A.11-03-010: Southwest Gas	SoCalGas, SDG&E, SCE PG&E, and SW Gas request rate increase to recover ARB AB 32 Implementation Fees	Briefs filed October 2011 Waiting for ALJ proposed decision.
A.10-12-005/A.10-12-006: SoCalGas/SDG&E 2012 General Rate Case	SoCalGas and SDG&E propose new revenue requirement for 2012 in general rate case	Briefs submitted April and May 2012. Waiting for ALJ Proposed Decision.
I. 11-02-016: PG&E Gas Safety Recordkeeping Investigation	Investigation into whether PG&E violated CPUC rules on gas safety recordkeeping	CPUC's CPSD issues reports 3/5/12 and 3/12/12 finding serious problems with PG&E record-keeping practices. Intervenor testimony submitted 4/30/12, PG&E response due 6/25/12.
R.11-02-019: Gas Safety Rulemaking on Plans and Procedures	Rulemaking to establish new gas safety rules in light of San Bruno explosion	Briefs on PG&E gas safety implementation plan submitted May 2012. (SoCalGas/SDG&E plans transferred to TCAP.) Waiting for ALJ Proposed Decision.
A.11-09-004: SoCalGas application to retain current gas quality specs	SoCalGas recommends retaining current non-hydrogen sulfide gas quality specs, and making historical California production subject to those specs	Application filed September 2011. No significant opposition to application. ALJ to issue proposed decision.
A.11-11-002: SoCalGas Triennial Cost Allocation Proceeding	SoCalGas requests approval of allocation of revenue requirement & rate design, submits cost study of backbone transmission system	Application filed 11/1/11. Proceeding split into two phases, first phase to address gas safety implementation plan, second phase to address cost allocation and rate design. Intervenor safety testimony due June 2012.
I.11-11-009: PG&E Gas Pipeline Classification Investigation	Investigation by CPUC into whether PG&E violated CPUC rules pertaining to operation of pipelines in or near locations of higher population density	OII issued 11/10/11. Scoping Memo issued 4/26/12, sets schedule and issues. CPSD issues report on 5/25/12, finding many PG&E violations. Intervenor testimony due 6/25/12.
A.11-11-011: SoCalGas application to establish a compression services tariff	SoCalGas requests authority establish a compression services tariff for non-residential customers desiring gas delivery at higher pressure, e.g. NGV, CHP, peakers	Application filed 11/3/11. Intervenor testimony filed on 5/16/12. SoCalGas rebuttal testimony submitted 5/30/12.
I.12-01-007: CPUC investigation into San Bruno Gas Pipeline Rupture	Investigation by CPUC into whether PG&E violated CPUC rules in connection with San Bruno explosion and fire	Investigation issued 1/12/12. CPSD testimony submitted 3/16/12. Intervenor testimony served 4/23/12, PG&E testimony to be submitted 6/15/12. Hearings in September 2012
A.12-04-024: SoCalGas application requesting approval of biogas conditioning service	SoCalGas seeks approval to provide a biogas conditioning and upgrading services tariff	Application submitted 4/25/12, protest filed by DRA 6/1/12
A.12-05-016 SoCalGas smart-meter opt-out application	SoCalGas seeks approval of a smart-meter opt-out option	Application submitted 5/11/12
RP10-1398 El Paso 2010 General Rate Case at FERC	El Paso seeks significant increase in rates (32-38%) from FERC, mainly due to loss of throughput, lower prices received for short-term services and long-term contract renewals	Briefs submitted, waiting for FERC Order. Initial decision expected June 2012.
